

MCP'S FAVORITE KEYBOARD SHORTCUTS

for Photoshop

One Key Shortcuts (Mac and PC)

B = brush tool

C = crop tool

D = default foreground/background colors

G = gradient/paint bucket tool

I = eye dropper/color sampler

J = healing/patch tools

L = lasso tools

M = marquee tools

O = dodge/burn/sponge

S = clone stamp tool

T - type tool

V = move tool

W = quick selection/magic wand

X = swap foreground/background colors

Z = zoom tool

[= smaller brush

] = larger brush

space bar = scroll around/hand tool

1-9 = press a number to control tool or layer opacity

If more than one tool is available for a specific letter, hold the shift key at the same time to cycle through them.
